

TRADE RELATED TECHNICAL ASSISTANCE PROJECT 2

BRIEF ACTIVITY REPORT

Activity Title:	Review of all PNS applicable to LVE and EMC of electronic and electrical products against EN and IEC standards
Component:	Standards Harmonisation and Sanitary and Phytosanitary Conformity/ TBT Subcomponent
Activity Number:	2T.1.1.2
Dates:	April 6, 13, 20, 27 and May 4, 11, 18 2010 (7 workshops)
Partner Agency:	Bureau of Product Standards (Department of Trade and Industry)

Outcome:	Final listing of standards on electronic and electrical products (e.g. on electrical wiring devices, home appliances, rotating machines, audio, video and multimedia systems and equipment, power supply units, small power transformers, reactors and power electronics, electrical wires and cables, and lamps and related equipment) to be prioritized for deliberation and possible adoption as PNS (Philippine national standards).
Objectives:	<ul style="list-style-type: none"> Review all IEC (international) or EN (EU) standards, if IEC standard does not exist on electrical and electronics products applicable on to LVE (low voltage equipment) and EMC (electromagnetic compatibility), as far as applicable. Finalize priority standards to be adopted as PNS as listed by the various stakeholders present during the workshop entitled "Harmonization of Philippine National Standards (PNS) to International (IEC) and European Standard (EN) on Electrical and Electronics Products".
Number of Participants:	15 per workshop (7 workshops)
Facilitator:	Dr. Arjun Ansay
